

PERENNIAL CHALLENGES IN HOSPITALS:

- ❖ Provide high quality, affordable care
- ❖ Narrower or Negative financial margins--- cost reduction pressure
- ❖ Patient safety & turnaround times (long wait /queue time)
- ❖ The importance of ease of getting appointments - Scheduling process and patient-provider encounter process
- ❖ Ready access to decision-making services that physicians and patients require for appropriate care.
- ❖ Distraction of sophisticated systems, where focus shift from patient care to learning the tool
- ❖ Effective co-ordination between service centers and physician offices
- ❖ Convenience and accessibility driven by pricing and performance.
- ❖ Managing doctor's incentive effectively
- ❖ Inspire confidence from patients, doctors, staff, sponsors, suppliers and management
- ❖ Sustain a strong referring base
- ❖ Manage both acute and chronic disease effectively
- ❖ Reduce medical errors and costly variation in care delivery
- ❖ Judiciously manage and utilize services

IS THERE ANYTHING WHICH CAN CHALLENGE THE CONVENTIONAL PRACTICES AND HELP US MAXIMIZE PATIENT LIFE EXPECTANCY, QUALITY OF LIFE & PROVIDE SAFE CARE AT AN ACCEPTABLE COST TO SOCIETY

Benefits of Sarita Health Care

MANAGING PATIENT CYCLE

Delivers necessary services, manages patient flow effectively, optimizes length of stay, provides accessibility and reduces delays & errors.

INCREASES RESPONSIVENESS TO PATIENT CARE

Minimizes reporting delays through effective & timely process management, enhances decision-making process, provides ample time to spend more on caring for patients and extends reach of services.

MANAGING SUPPLY CYCLE

Optimizes expenses and the hospital's supply chain of vendor products and services. Increases profitability of the organization while maintaining compliance with regulatory bodies and quality processes.

RESOURCE SYNCHRONIZATION

Maximizes clinical efficacy and patient safety, while minimizes costs. Synchronizes service centers & physicians' office by EMR connectivity to support successful outreach services.
